THIRD WORLD CITIZENS' CIVIL ORIENTATION METHODOLOGY

INTRODUCTION

Welcome to Lithuania!

The main goal of these brief methodological materials is to provide foreigners who just recently arrived in Lithuania with a basic knowledge of the country, its history and culture, to help in gaining an understanding of the individual's rights and responsibilities, the structure of the society, the basic governmental institutions, their functions, democratic values and principles. This will help you to overcome the social, cultural and personal barriers of adaptation in a new society, faster and smoother integrate into the local community.

We hope that information given in these methodological materials will be useful at some stage of your life in Lithuania.

We wish you good luck!
